12 GUESTS | 4 BEDROOMS | 4 BATHS | RURAL & CULTURAL RETREAT

Experience the secret heart of Tamil Nadu at Mangala, a small, beautifully restored 4-bedroom village home in the hamlet of Thirupugalur, 2 hours east of Tanjore.

Welcoming curious travellers since 2016, Mangala in its new avatar, has transformed into a vibrant and contemporary interpretation of a rural Tamil home, while retaining the familiar, natural rhythm of the sounds, fragrances and textures of a peaceful, quiet agrarian village.

Buoyed by bold colours and contextual elements, the four bedrooms provide intimate spaces to retreat within. Outside, the two courtyards and the wide running *thinnai* (front verandah) allow you to commune as individual travellers or as a family group. You will enjoy luxury amenities and comforts, with the warm service of the same wonderful Mangala staff and backed by the great attention to detail from Luxunlock.

Mangala showcases life in Tamil Nadu's villages. It offers an authentic rural experience, and is ideally located, from where one can explore Tamil Nadu's multicultural heritage.

A REASON TO EXPERIENCE MANGALA

To stay at Mangala is to be ensconced in a culture in which antiquity and the contemporary are both alive.

Mangala is ideal as a base to explore nearby Kumbakonam, Thanjavur, Thiruvavur, Tranquebar, Karaikal, Nagore and Velankanni. You can experience the unique traditions, local arts and crafts, architecture, village life and cuisine of Thirupugalur itself.

Mangala is the perfect retreat for curious travellers, long-stay workshops and residency programs for dancers, writers, artists, historians and others seeking immersive creative engagements. It is equally perfect for families seeking to explore their heritage and those who are on pilgrimage routes.

Nothing captures the essence of Mangala than the first rays of the sun as it lights up the gopuram (tower) of the Agneeswara (Fire) Temple. Watching this from across the temple's moat-like tank in the comfort of Mangala's *thinnai* (verandah) is a joy to behold. The setting provides you with a tranquil, welcoming experience that's very different from hospitality on the temple circuit.

THE STORY OF MANGALA

Mangala is a 100-year old Tamil brahmin house that formed part of the fabric of the communities who lived in the immediate vicinity of the stunning Agneeswara Temple. Dedicated to Shiva, the temple has a unique U-shaped moat-like tank that wraps itself around it. The layout of the streets and houses follows the classical tradition with an inner & outer square grid.

The prosperous, original owners built their house on the inner grid in a prime location on the western side of the tank. With nothing but a water body separating the temple from the house, the first rays of the sun were blessed by the god of fire, before bathing the house and its occupants in its warmth and light.

Over the decades, the house changed hands. It had been abandoned for a long time and had run to utter neglect. In 2008, with the help of conservation architect Benny Kuriakose, the design inputs of Shanta Guhan and the skill of the local workforce the home was restored over a period of two years.

It initially opened in 2016 as a rural retreat welcoming travellers from around the world to experience the region with its great traditions in art, craft and music. Today, after an extensive renovation, it reopens its doors to welcome travellers once again.
